

Our Company

Onelife Exam is dedicated and committed in delivering our services anywhere you want it, anytime you need it, whenever you need it most. Your business is our business, we will represent you with a highest level of integrity and good expectation. We personalize our service with your client. We take pride in performing our services with utmost care and sincerity, as we represent you and your company.

We make sure that our Field Medical Examiners are skilled, knowledgeable, fully equipped with the state of the art medical equipment, tools, gadgets and new laboratory kits; to ensure greater accuracy, excellent performance, timely results, reliable information and with compliance to HIPPA regulations.

Our company is committed in providing you with more flexible extended days and hours of operation to attend to your daily needs. We understand, that most of the companies you are currently working with, have some limitations in providing their services due to their short office hours and limited days of operation which limits your ability to accommodate your client availability. Our office hours is from 6am to 10 pm, 7 days a week including holidays, with a wide area of coverage. We offer on-site examination, office or mobile exam, preset scheduling, same day scheduling and examination, on line order, email service confirmation, same day or next day notification upon completion of examination.

Our field examiners are well-trained, professional, duly licensed and certified to perform medical examination.

Services

Paramedical Examination

Paramed/Medical History- Patient information is gathered and recorded by a medical examiner in such a way as to obtain accurate information regarding health conditions of an applicant for life insurance.

MD Exam- Medical doctor exam is conducted by a license doctor to do a complete physical examination.

Measurements

Physical Examination- a record of a vital sign is performed by a medical examiner/phlebotomists to obtain blood pressure and pulse reading.

Physical measurements- performed to measure height, weight, chest and waist to analyze patients build in proportion to his age, weight and height.

Specimen Collection

Blood Collection- blood samples are withdrawn for laboratory diagnostic test and blood chemistry.

Urine Collection- urine sample is collected for urinalysis. Precautions are carefully undertaken to preserve the specimen and ensure fresh urine was collected.

Saliva Collection- HIV-1 oral specimen collection device is used to collect oral fluid specimen for testing antibodies to the human immunodeficiency virus.

EKG / ECG Test

EKG Test- a twelve lead EKG or Electro Cardiogram examination will be performed for assessment and evaluation of heart problem conditions.

 - Examiner is rude / late in appointment / no show
 - * Delay turn in of paperwork / results
- CALL US! WE HAVE THE ANSWERS!**

FACTS

What differs us from other Paramedical Companies?

We supervise and manage our own employee medical examiners as compared to individual contractor medical examiners, who are contracted with the 4 big companies. It limits their ability to monitor, control, supervise, manage and extend support for information access, guidance, supplies and equipment they might need to complete the job. Our examiners are given plenty of time during their field assignments in order for them to complete their job without rushing or being late and missing their appointments. Independent examiner own their business and they manage their own time and schedule. They have a choice to show or not to show with your client. Onelife Exam is dedicated in providing you, our own employee examiners. Due to this reason, we were able to:

- * Maintain systematic and professional approach to avoid turn down of agent's client due to late arrivals of examiner or missed appointment.
- * We can easily send someone for back up in case the assigned examiner can't make it to her/his appointment.
- * Result is more faster, accurate and reliable.
- * We have more extended business days and flexible hours of operation.
